Professional Summary

- Frontend Developer skilled in JavaScript, React.js, HTML, CSS, and Tailwind CSS, with a strong focus on building responsive and scalable web applications.

- Experienced in developing and deploying projects, debugging, optimizing performance, and integrating third-party APIs.

- Completed 1200+ hours of coding, delivering clean, efficient, and user-friendly applications in solo and team environments.

- Adept at translating UI designs into pixel-perfect web interfaces while ensuring cross-browser compatibility and accessibility.

Education

Masai School	Present
Frontend Development	*Bangalore, Karnataka*
Charotar University of Science and Technology	2024
Bachelor of Computer Applications (BCA) — CGPA: 8.5/10	*Anand, Gujarat*
H.and D. PAREKH HIGH SCHOOL — GSEB	2020
Higher Secondary Education (12th Science) — Percentage: 73%	*kheda, Gujarat*

Projects

Casio Clone | *JavaScript, CSS3, HTML5, Tailwind CSS, Responsive Web Design*　🌐 Deployed Link — ⭘ GitHub
- Developed a dynamic Casio Clone app using HTML, CSS, and JavaScript, replicating and enhancing official site features.
- Implemented responsive design with Tailwind CSS to ensure optimal performance across various devices and browsers.
- Optimized the application for speed and scalability, providing a seamless shopping experience with search, wishlist, and sorting options.

Bioinformatics Builders | *JavaScript, HTML5, CSS3, Responsive Web Design*　🌐 Deployed Link — ⭘ GitHub
- Collaborated with designers to create a clean, user-friendly interface replicating the Huge Icons website.
- Developed scalable and reusable components using JavaScript, HTML5, and CSS3 for the web application.
- Implemented responsive design to ensure optimal performance and accessibility across various devices and browsers.

FinanceFlow | *HTML5, CSS3, JavaScript*　🌐 Deployed Link — ⭘ GitHub
- Developed a user-friendly interface for FinanceFlow using HTML, CSS, and JavaScript, focusing on intuitive navigation and usability.
- Implemented responsive design techniques to ensure optimal performance and user experience across various devices and browsers.

Technical Skills

- **Frontend:** HTML5, CSS3, JavaScript, React.js, Chakra UI, Tailwind CSS

- **Other Skills:** Data Structures and Algorithms (DSA), Git, Responsive Web Design, Prompt Engineering

Soft Skills

- Strong problem-solving and analytical thinking

- Effective communication and teamwork

- Time management and ability to work under pressure
